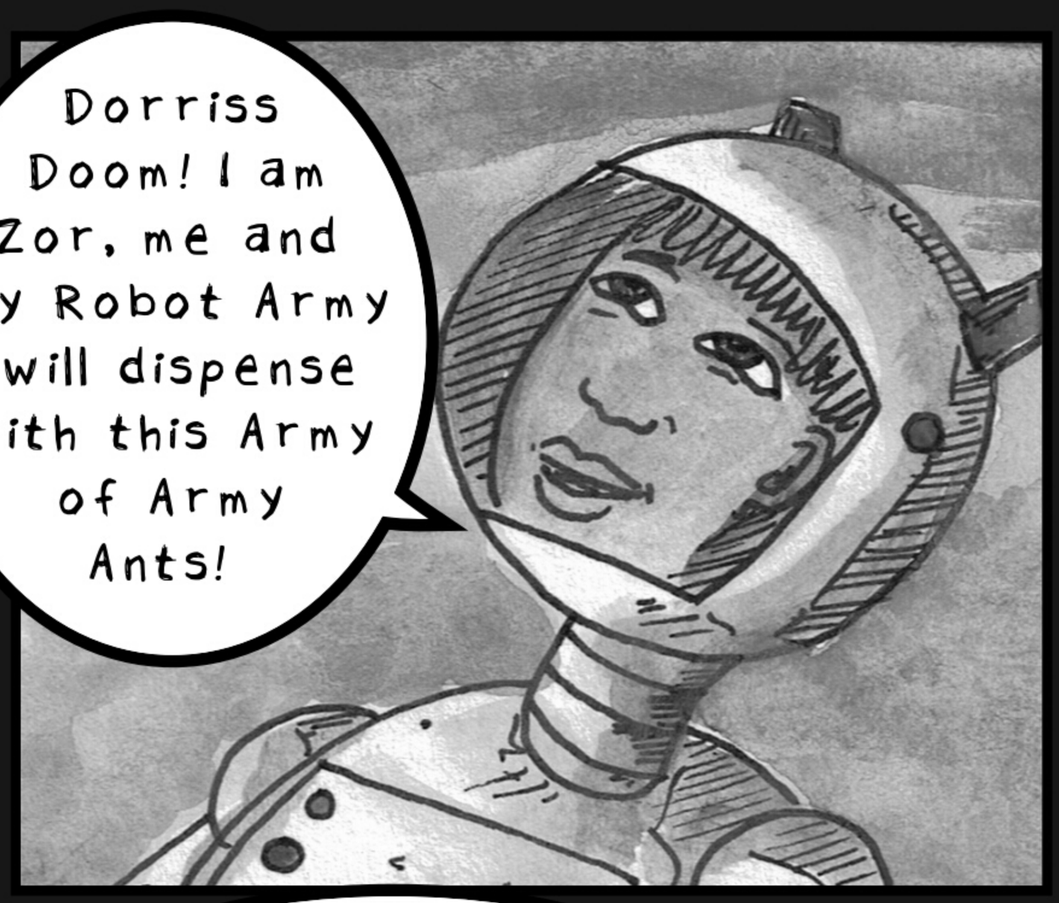
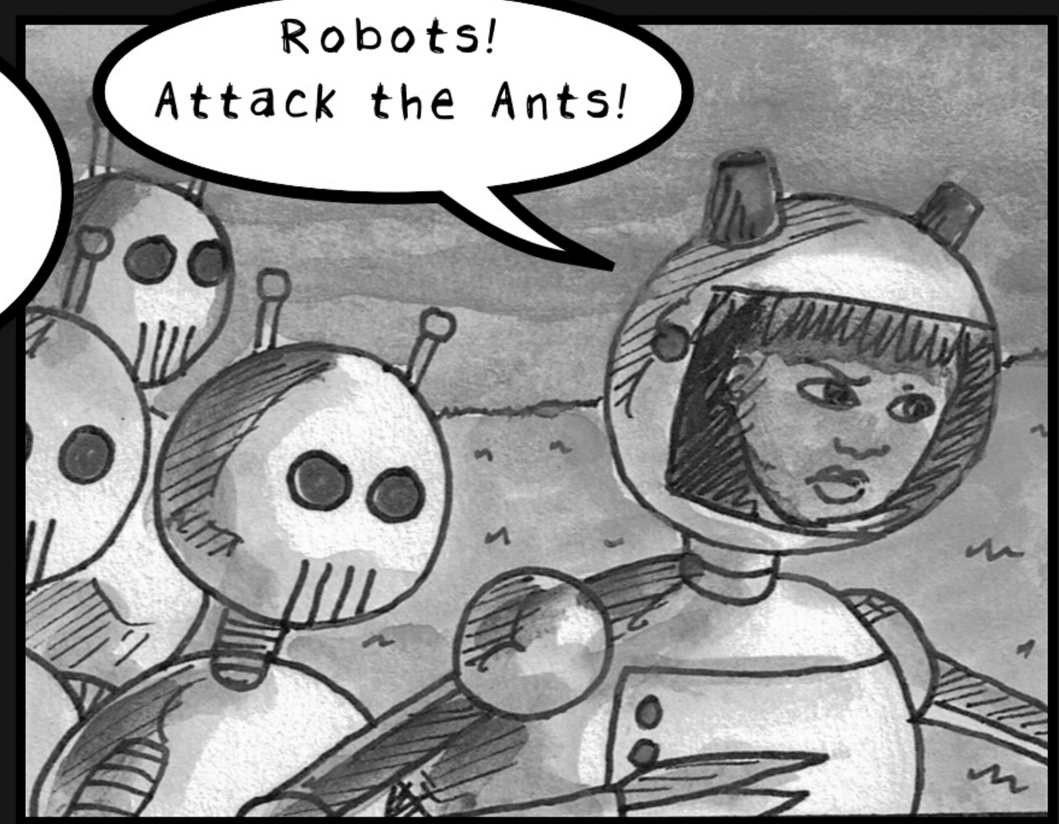
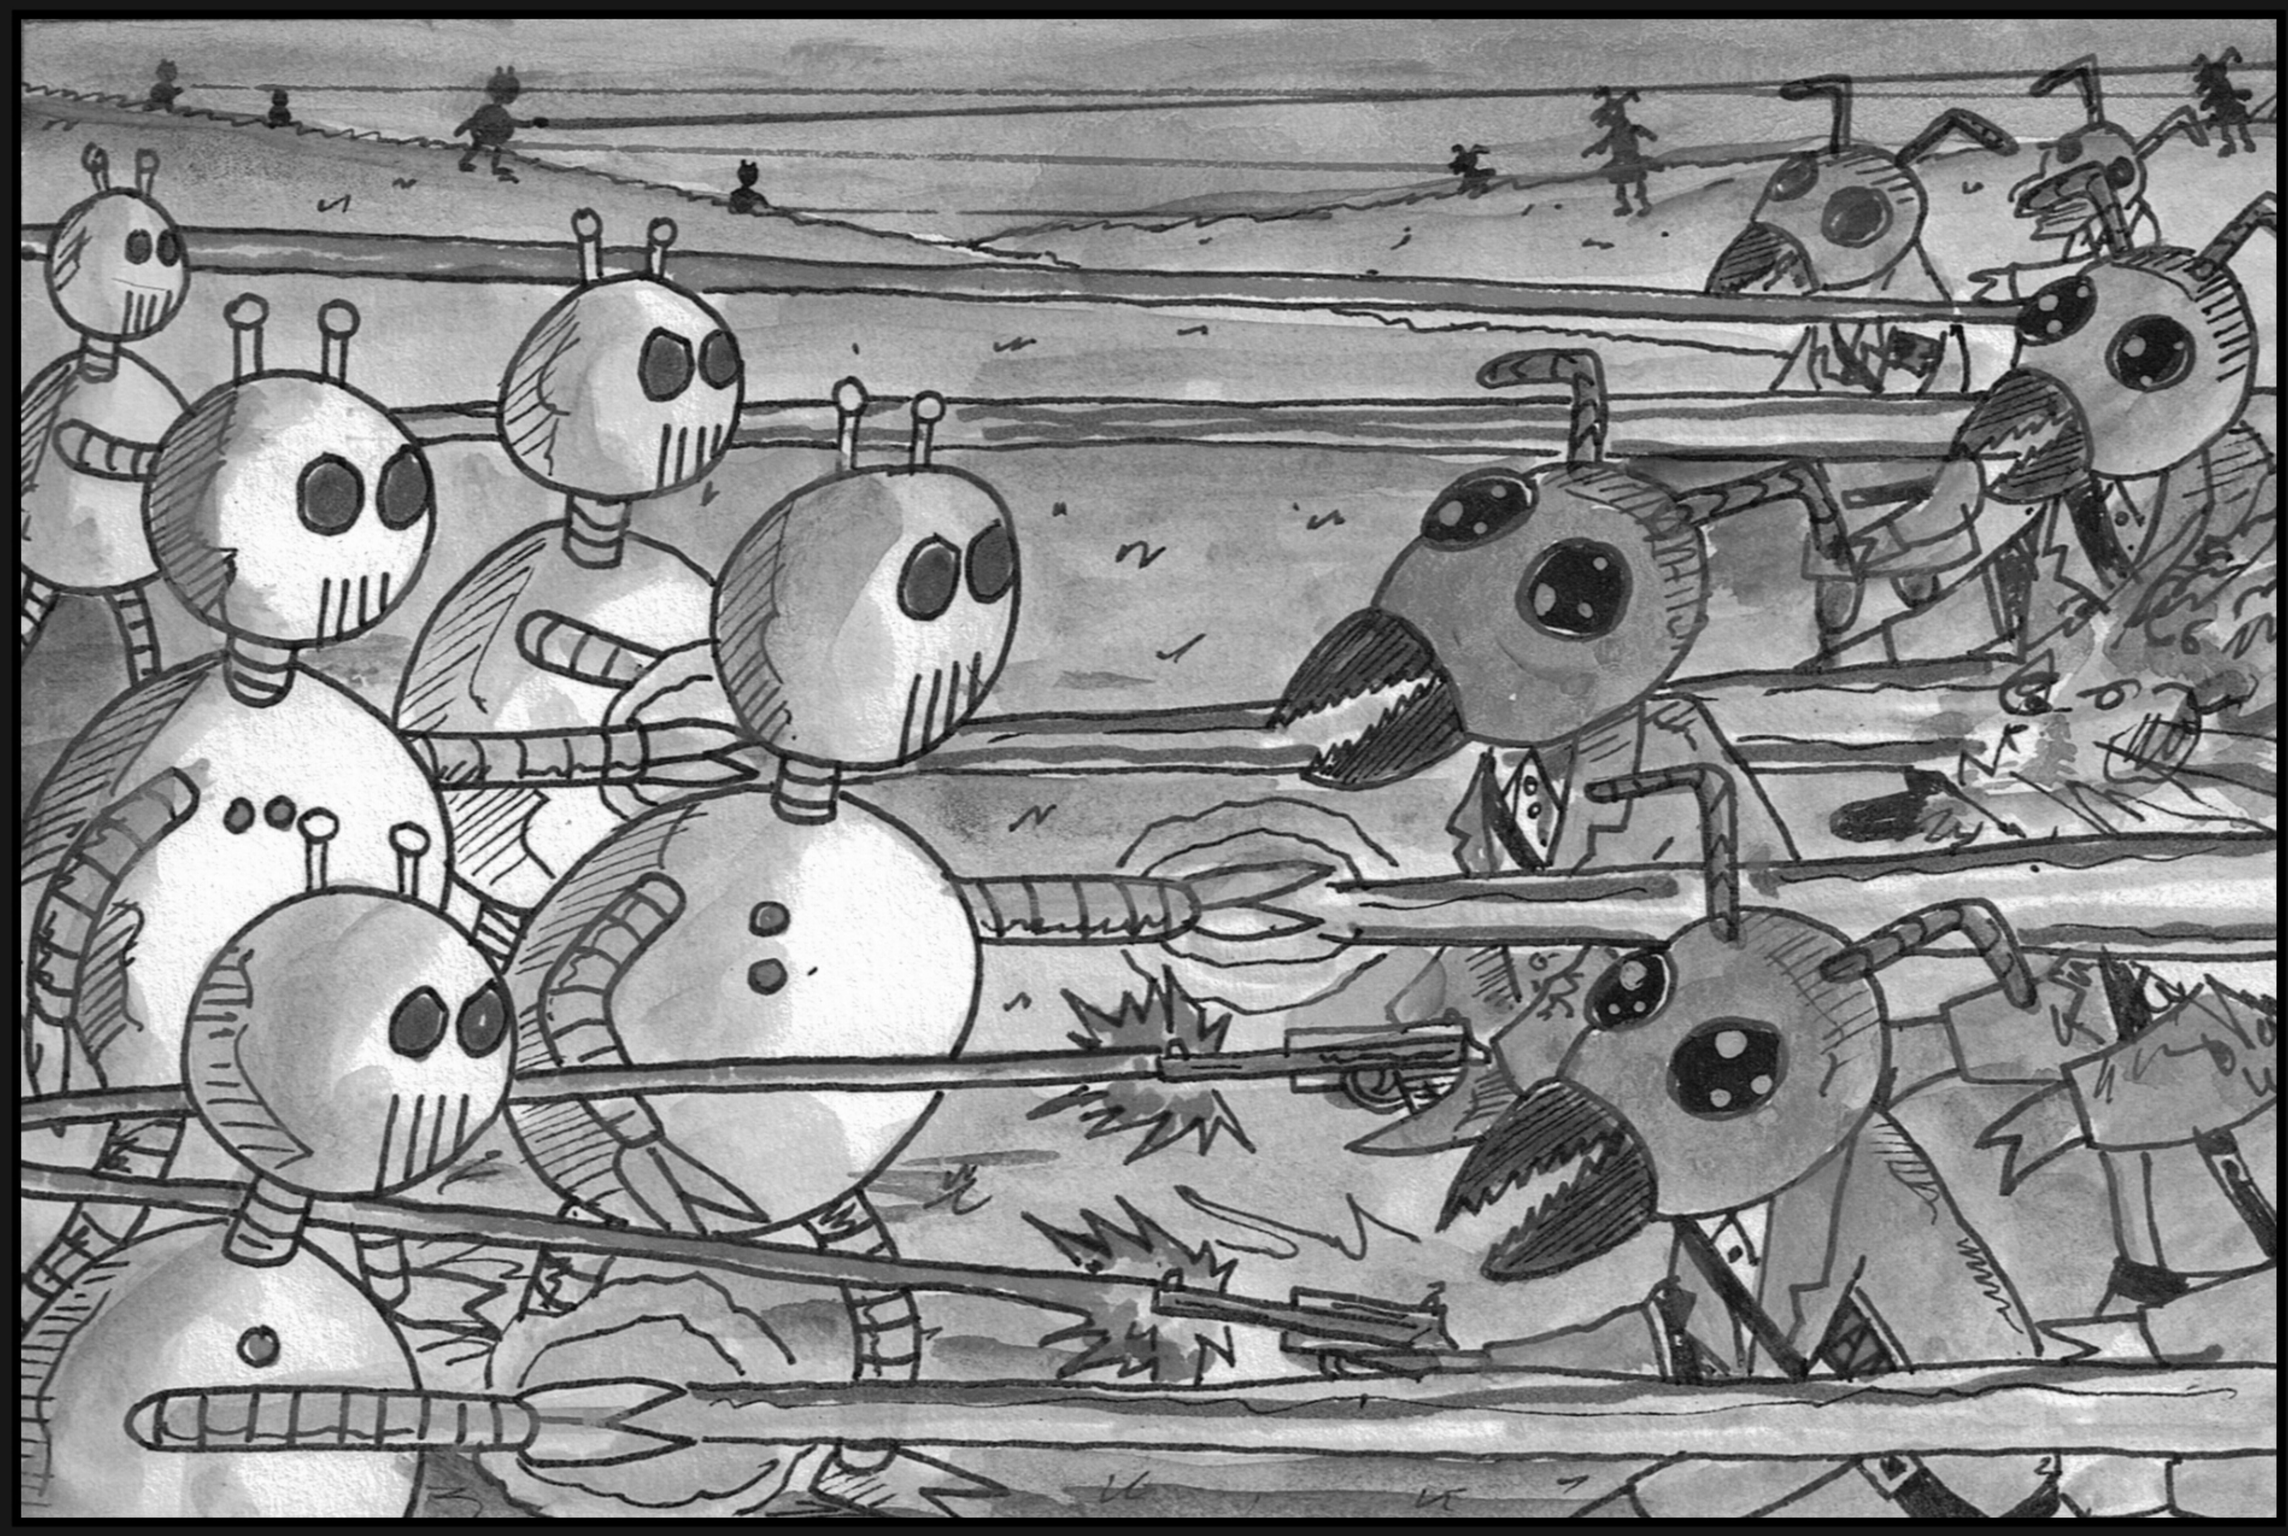
NANDI BEAR TENANTS

#23

BLAISE KOLODYCHUK PRESENTS: NANDI BEAR TENANTS







This is exactly what we needed. Which way to Naiad, Stensor?

This way, follow me!

Meanwhile in a not too distant cave of terror, Super Punk has Naiad chained to a wall!

You filthy awful man! You will never get away with your plan! The Nandi Bear Tenants are more powerful, and more resilient than you could ever possibly imagine!

Yeah, I'm so sure. Did you forget? I have my powers back, and they are all shiny and new, far more powerful than ever, and more powerful than that hideous cat Dorriss who stole my powers before.

The four heroes walk through the cave entrance.

Naiad's right Super Punk. You will never defeat us! Together we will conquer evil. And you sir, are about as evil as they come!

He shoots an energy beam directly at Raca!

Are you sure about that?

Her Goo Powers start shooting uncontrollably!

By the time the horrible incident is over she is stuck hanging from the ceiling in her own Goo!

What's happennnnnnnininiinin?!?!?!

She is completely taken over and the Goo starts wrapping itself around her own body!

One down, three to go... this is almost too easy.

This is all my fault. If I had been able to resist his mind control, he would never have got his powers back. Naiad, I'm so sorry I wasn't stronger!

Whaa whaa whaa.. Poor little teddy bear. Why don't you just get out of my face and save us all the whining.

And in an instant Super Punk blasts Galaxy Peanut Butter Bear with a dazzling display of force until Galaxy is completely gone.

What did you do to my brother, you fiend!

Chillax Naiad, I just sent him back to the Peanut Butter Dimension. I know killing him would be going too far.. If you are to become my bride once again!

Your WHAT?! In your dreams creepo!

We shall see. I can be quite persuasive if I need to be.

Suppiah! We grew up together, we were like brothers. How did you fall so far? You don't need to do any of this! Just give it up and come back to Earth with us. We can start again. You can find happiness in friendship instead of destruction! Please, Suppiah.. My friend.. my brother..

BONK

CRACK

Oh my goodness, did you just throw a rock at his eye? You can't be serious!

Yes.. yes I did. He was getting really irritating.

My eye! You jerk!

With a motion of Super Punk's hand he drops a huge piece of the cave's ceiling right onto Stensor!

This is actually fun now. Three down, and just this silly little cat left.

This silly little cat has the same powers as you. Only I fight for justice! And justice always wins!

We'll see.

Dorriss and Super Punk start blasting energy at each other. It is a game of tug o' war, and there doesn't seem to be a winner! How long can this last?

When suddenly Dorriss see a vicious DOG WELFER MONSTER and she loses her concentration!

Giving Super Punk the advantage he needs to knock her down...

Floyd is behind her, and behind the powerful illusion that tricked her.

WHAP!

Thanks Floyd, I would have roasted that cat eventually, but all the same I appreciate the help.

I got some bad news sir. The Military Armadillos have been defeated, and the Army Ants are retreating. Somehow a huge army of robots showed up and overwhelmed them.

Oh Floyd, you gotta take the good with the bad. After all, I did defeat the Nandi Bear Tenants. And I have my beautiful Naiad back by my side. With our combined power it's only a matter of time before the entire Earth surrenders to our will!

When suddenly...

What?

YANK!

You're the one who taught me how to pick locks, old man! And now I have the power!

Naiad! What are you doing? I did all this for you!

Now let me do something for YOU. You and Floyd are banished to the asteroid of despair! With nothing but an incomplete deck of cards to pass your time with for the rest of eternity!

And with her new powers Naiad makes exactly what she wished come true...

Naiad! Nooo!!

And Super Punk and Floyd vanish off to the asteroid of despair.....

Nice work Naiad, how did you know he wouldn't still have his power if you took the amulet?

I was there when he first got his powers. He needed to wear that amulet for about a month before he had soaked in enough power to be able to take it off.

Naiad. You never stop amazing me.

Yeah great job. Now can someone get me down from here so we can go home!

EPILOGUE

Back home in Nandi Bear's Mansion...

It's nice to have everyone back home again! Hey, where is Galaxy?

He still feels bad about his part in Super Punk regaining his powers. He said he's gonna stick around the Peanut Butter Dimension and protect the people there like he used to.

So Naiad, are you gonna keep wearing that Amulet until you gain all it's power?

I honestly don't know.

WELL VIEWERS, WHAT DO YOU THINK? SHOULD NAIAD KEEP THE POWER? LET ME KNOW IN THE COMMENTS!

You spend way too much time on the internet.

Yeah, do you mind not live streaming our entire lives 24 hours a day?

My viewers think your boring.

Well.

Good for them.

Have you even been on the internet lately? Because of Klor's youtube channel we are all incredibly famous!

I'm not complaining. I get free hotdogs every time I go to Zeep's hotdog stand now.

My viewers also think Raca and Captain Trash make a cute couple!

Because we do.

We what?!?

Suddenly the ghost of Nandi Bear arrives!

Hello my tenants. I hope you are enjoying my house!

Auntie Nandi! Thank you so much for everything! The house, and helping us on this mission, everything!

I come here with a warning Naiad. I encourage you to keep the amulet, and retain the powers it will give you.

But why?

Because the Nandi Bear Tenants are about to face the greatest challenge of all...

What is it?

That's all I can say for now... Good luck!

And Auntie Nandi disappears as mysteriously as she came.

What do your viewers think of that?

I think we just broke the internet.

Really? It's broken?

Stensor, you really are clueless sometimes.

THE END... FOR NOW!
